Foreword

"Ask not what your country can do for you, but what you can do for your country . . ."

—John F. Kennedy

Eight months ago, the moral goals set for our students were suddenly raised. We no longer follow the footsteps of a president. We now follow those of a martyr.

We pledge ourselves to defend the principles he can no longer fight for. We must reach the goals he set for himself. We will make his dreams of true equality and freedom a reality. We must destroy the racial and religious barriers set up by the ignorant and misguided.

John F. Kennedy's program not only stressed mental preparedness but also physical fitness. We should, therefore, keep ourselves physically fit. We have an obligation to spread this idea to others.

Our late president was a brilliant man. He realized the value of an education. He knew that strength of mind as well as strength of body were needed by our citizens to prevent the spread of Communism to our country. Therefore, we have an obligation to get the most out of our education.

These goals are difficult to achieve; yet, in memory of our great president, they must be reached.

Leroy Lewandowski

Dedication

We, the graduating class of John F. Kennedy High School, dedicate the 1964 Forum to our namesake and late President, John Fitzgerald Kennedy. His life has been an inspiration to us all, and it is only fitting that we should do this.

He was the youngest president to ever hold office, and the youngest president to die. His youthful vigor stimulated the nation and the world. John F. Kennedy stood for renewed dedication to the principles which he has imparted to us.

The world is a better place because one man chose to be a leader of his country, and died because of it. His name is our name; his ideals are our ideals. Our school is the symbol of his immortality.

So, as we leave behind the school which we love, may we never forget John F. Kennedy and what he means to us. Requiem est in pace.

Democracy demands more of us than any other system in education, character, self-restraint, self-discipline. How are we going to get the best education in the world? One of the ways is to have the best trained teachers.

Superintendent's Message

THE KENNEDY EXAMPLE

It was common knowledge among the press corps that when President Kennedy walked among the throngs who welcomed him at his public appearances he was usually heard to remark, "Thank you, thank you, thank you." Evidently, he was expressing his gratitude to these warmhearted people for their reception.

I also assume that he must have been thanking these people for the opportunity which they had given him to serve them in the highest office of this country. It is interesting to note that this man had nothing at all to gain from holding public office. He had been born into an affluent society and an internationally respected family. He need not have aspired to public service except for the fact that he felt a strong inclination to exercise his faculties and talents for the common good. Therefore, his assassination was so much more of a sacrifice, because he need not have been in the occasion for his untimely martyrdom.

As a result, instead of him expressing his gratitude to us, we must certainly make an effort to thank him for his unswerving and generous expression of love for his country and the people. We ought to offer our gratitude to him for having shown us the way to peace and prosperity; for his heroism in peace and war; for the wise judgment which he exercised at all times; for his sagacity; for his alertness and quickness of response in emergencies; and finally, for his ability to rally the young to his cause and impress them with the responsibility of supporting good government.

Upon leaving this school, so aptly named, you should make every effort to imitate the unselfishness which our late president demonstrated in his treatment of ALL people. Carrying away such a characteristic with you, will produce the best citizen in a country which must necessarily be the best in the world. You will not only benefit by becoming a more responsible individual, but your country will have another true and spirited citizen in the mold of President John F. Kennedy.

Class of 1964

Yesterday Freshmen—Today Seniors. This, our final year at John F. Kennedy, brings to a close an exciting and wonderful chapter in the lives of 159 students. Yet, it doesn't seem possible that four years could have elapsed so quickly. These years have left us with many fond memories.

Not only have our lives been molded by our high school years, but we have found strength through education and character through challenge. Our feet have been firmly planted on the ladder of life and graduation serves as a rung in attaining our desired goals. However, graduation from high school is not the end but merely another step toward a broader horizon of new ventures and endeavors.

To say we are relinquishing our ties with the past would be an injustice to our four years which have served as a vital link to a promising future. Our dreams, our aspirations shall not be forgotten, but rather posterity will witness the successful achievements of our exploits.

Yes, it is with deep regret that we leave John F. Kennedy High School, but we will not shrink from what lies ahead but rather persevere responsibility and fulfill our pursuits.

Sophomores

We, the Sophomore Class of 1964, have become an important element in the daily activity of the student body of J.F.K. We are no longer awesome Freshmen who depend on upperclassmen for guidance and inspiration, but rather potential leaders in all areas of future high school life. Our special talents have enriched this year's scholastic efforts, athletic activities and school spirit. We leave behind us an impressive record of accomplishment—one which will be difficult to duplicate. With a bright outlook on the future and hard determination, we promise to succeed in all our endeavors, no matter how great or seemingly unimportant.

Freshmen

Our first year at Kennedy would be the same as any other year at school—or so we thought. Then came the first day—September 6, 1963.

By the first week of October we had revised our original attitude. We had been introduced to a series of new teachers, books, and sports. After the first few months, we became accustomed to the daily routine and realized we had challenges to meet and conquer. We responded magnificently and made our presence felt. We participated in all sports and showed our scholastic ability as well. Many of us have been on the honor roll consistently and intend to continue doing so in our future stay at John F. Kennedy.

Junior High Classes

As future members of the Senior High School, we, the Junior High, have much to look forward to. During the first two years in our new John F. Kennedy Jr.-Sr. High School, we have witnessed a continuous augmentation in the various opportunities that are available to us, both academically and socially. We can readily see that as we progress through our formative years in high school, we will also be the fashioners of the tradition that will prevail for the future students of J.F.K. It is not only our privilege, but also our duty, to see that these traditions are not only exemplary, but spirited and straightforward. In quoting the words of our namesake, the late President John F. Kennedy, "Ask not what your country can do for you, ask what you can do for your country" we find that his words have an added meaning for us. "Ask not only what your school can do for you, ask what you can do for your school—to make it a better and more respected second home."

All the programs I am seeking to strengthen our economy, our defenses, our image abroad, our balance of payments position and our foreign policy tools—all make demands upon one or more groups of Americans . . . All of them involve some inconvenience, or some sacrifice—and, indeed, they are being opposed in some quarters on that basis.

Student Council

Advisor, Mr. Malanowicz

Governing the student body is the main purpose of the Student Council. This organization, comprised of duly elected representatives from each class, is dedicated to the task of coordinating school activities. By sponsoring many varied school activities, it promotes a well rounded extracurricular program.

As a step toward better student discipline, the Council has been actively associated with the Student Court, which enforces school regulations. This is just one of the progressive programs adopted by the Student Council. With Mr. Malanowicz as its advisor, the Council remains in close touch with the school administration.

Student Court in Session

Student Court

The Student Court consisting of a judge, jury, and defense and prosecuting attorneys has a staff composed of leaders from such organizations as the National Honor Society, the Varsity "K," the Student Council and officers from the Senior and Junior Classes.

National Honor Society

Advisor	Mr. Berst
President	W. Sajdak
Vice-President	D. Neubauer
Secretary	J. Cygan
Treasurer	D. Klimko

The National Honor Society and its activities have become an essential part in the administration of our school. Its high professional aims and goals include the following: an enthusiasm for good scholarship throughout the school; an encouragement of a desire for students to render service to the school and the community; a plan for self-evaluation of the student of the potential elements of leadership qualities within him; a stimulus to students to observe and practice those acts of others that develop strength of character; and, encouragement to students to continue to learn and to pursue higher education.

Under the leadership of Mr. Berst, the Society has taken on a new look of prominence—a symbol of high academic achievement, leadership, character and service.

News

The editors and staff of the Nuntius strive to bring interesting and authentic news to the student body every month.

Our advisor. Mr. Strzempka, has spent long hours in helping us to improve our paper. Many tasks have been accomplished by the editors and reporters, as well as the advertising and production staffs. They work collectively in gathering information and facts so that the students may get full knowledge of their school activities.

News plays an important role in school participation and the Nuntius is there to furnish the statistics. Everyone connected with this organization strives to present the student body with a well-balanced picture of the news.

Latin Club

A Latin Club of John F. Kennedy High School has been organized. Although this is a new school, relatively speaking, the name of the Latin Club has not been changed and still remains the "Forum Romanum." This club attempts to strengthen and increase the student's interest in the cultural aspects of society through the study of the Classics. Membership has shown a tremendous increase in number and the members have shown great zeal to broaden their knowledge of Rome. This year they presented a play, "Judgment Day," which consisted entirely of a club cast and direction. The highlight of club activities is centered around the Annual Roman Banquet. The Forum Romanum is affiliated with the National Junior Classical League and is a local chapter of this national organization.

Seated: G. Obstarczyk, Vice-President; W. Sajdak, President; Carol Zakowicz, Treasurer. *Standing:* L. Michalek, Secretary; Mr. Strzempka, Advisor; J. Gorzynski, Sergeant-at-arms

Chess Club

The John F. Kennedy Chess Club, initiated two years ago, has increased in number and quality. The club meets once a week and holds elimination matches. Besides practice in the classic moves of chess the students are imbued with the principles of good sportsmanship.

Seated: A. Fischer, J. Ward, W. Przybyz, T. Henderson, P. Rivizzigno. *Standing:* D. Besant, J. Schiefer, R. Hoelzo, Mr. Acquisto, H. Patrick, R. Harris, M. Hajduk, M. Lubecki, M. Zadner, D. Waziak, J. Benton, J. Norton, Mr. Woods

Library Club

Under the supervision of the Library Advisor, Mrs. Walton, members have the opportunity to develop library science and technique.

There are no special qualifications for membership in the Library Club other than the pupil's interest, and all the work performed is voluntary with no reward except the privilege of serving others.

Seated: W. Sajdak, Vice-President; G. Obstarczyk, Secretary; M. Mianowany, President; P. Gena, Treasurer. *Standing:* Mr. P. Strzempka, Advisor; D. Klimko, D. Walters, Mr. F. L. Berst, Advisor; G. Kankiewicz

Quill and Scroll is the international honor society for high school journalists. Local charters have been granted to more than 8,000 high schools in every state of the Union and in more than a score of foreign countries throughout the world. Nearly half a million young journalists have been granted the privilege of wearing the gold pin of the society.

Through the efforts of Mr. Berst and Mr. Strzempka we now have a chapter of Quill and Scroll at John F. Kennedy. It is named the Joseph Conrad Chapter and is dedicated to the memory of one of the giants in world literature.

Physics Club

The Physics Club, under the direction of Mr. Siemankowski, is designed to provide Physics students with additional opportunities to explore this vast field of science. At their meetings, experiments, which cannot be done in the class, are performed to give the pupils a deeper knowledge of the field being studied.

Films are brought in, shown, and analyzed. Research is done on the most recent developments in science and reports are given at the meetings. The members publish their own newspaper and enjoy the benefits of field trips to such places as Cornell University.

By participation in this club, the students hope to develop a keen insight into the sciences which have such a great influence on our daily lives.

Science Club

This year witnessed the formation of a new club, the Science Club, under the guidance of Miss Molenda. Here underclassmen become acquainted with the use of science equipment and the scientific method. They also carry on activities which are not part of the regular course of study.

By stimulating an interest in Science early in the teens, it is hoped that many more students will further their education in this field of learning.

Varsity "K" Club

OFFICERS

President	Frank Wojciechowski
Vice President	Vincent Przepiora
Secretary	Paul Andrzejewski
Treasurer	Thomas Karmazyn
Sgt. at Arms	Gerald Garasz
Advisor	Mr. Pry

This year marked the second anniversary of the Varsity "K" Club in the John F. Kennedy High School. The main purpose of this organization is the promotion of fair play and sportsmanship. With the aid of its advisor, Mr. Frank Pry, the Varsity "K" has sponsored dances throughout the year and has purchased needed athletic equipment. All members who have participated in sports for at least two years are awarded the club's traditional "K" sweater. The Varsity "K", a worthy organization, should be the goal of all conscientious athletes.

Pry Ends 31 Years at J.F.K. With Title in New, Big Gym

By MAURY MAY

When coach Frank Pry walked out of J. F. Kennedy High School's new gymnasium Tuesday evening—after his team clinched a tie for the Erie County Conference Division III basketball title—he felt like talking.

"This is my last season as varsity coach," said Pry, finishing his 31st year as a coach in the Sloan school.

"I wanted to find out how the 'atmosphere' was in a new, big gym before quitting," added the always-smiling Pry, who talks as freely when he loses as when he wins. J. F. K. moved from its bandbox gym in Sloan to its gym in Cayuga Creek Rd., this season. Pry hasn't missed coaching a single game in either school.

Pry's Bears zone-defensed visiting Eden to a 50-47 defeat as Mel Valentine had his best scoring night of the season — 24 points, mostly on overhead jump shots.

Pry, now 55, is the dean of ECIC cage coaches, second only to Niagara Falls coach B. N. (Doc) Parsons, in Western New York. Parsons had coached 35 years when he retired.

Frontier, J.F.K. Nines Win Section VI Titles

Varsity Baseball 1963

Two of the ECIC's finest left-handers—Frontier's Rick Masterman and John F. Kennedy's John Krasinski—delivered magnificent pitching performances Monday to lead their teams to Section VI baseball titles.

Krasinski Faces 22

Krasinski faced only 22 batters in beating Southwestern. He walked two, one of whom was thrown out attempting to steal. No balls were hit out of the infield against him.

JFK got to loser Gary Graham for its lone run in the sixth. Dennis Pierkarski was safe on an error and Paul Andrzejewski reached on a fielder's choice. Piekarski was picked off second, but Frank Wojciechowski tripled to plate Andrzejewski.

Krasinski struck out 17 in bringing his season record to 12-1. JFK, the ECIC Division III champion, wound up 16-4. It was the Bears' first Class A title since they ruled in 1959 and 1960.

JFK Having Good Year (In Baseball, That Is) With a Youthful Lineup

FEW Erie County Interscholastic Conference Division III baseball observers figured J. F. Kennedy would have a good season with only two seniors on the club.

But Hank Andrzejewski, dean of ECIC baseball coaches, has welded a group of juniors, sophomores and freshmen into a well-balanced team.

Monday, the Bruins handed Depew its first Division III setback, 6-2, as senior left-hander John Krasinski struck out 15 and walked only one for his third victory.

Andrzejewski's nephew, Paul, a junior, hit a two-run triple and a single; freshman Dave Bialkowski hit a two-run single and sophomore Bob Bernal had two hits.

Cross-Country
1963

The cross-country team, the most recent addition to J.F.K.'s expanding athletic program, was established last year under the coaching guidance of Mr. Frank Pry. The team did not participate in league competition but concentrated on building a sound basis for this season's entrance into Division II.

Track
1963

Although the track team failed to win any of its meets or capture any individual titles it did produce several potential prospects for next season. With most of the team returning, this season should prove to be much more fruitful than last.

Former Athletes to Honor Eddie Malanowicz In 30th Year of a Full, Rich Teaching Career

1964—ED MALANOWICZ
Principal at J. F. Kennedy High

By MAURY MAY

ED MALANOWICZ is a BIG MAN—not only in physical stature.

The 53-year-old J. F. Kennedy High School principal, one of the all-time great athletes at the University of Buffalo, who later coached the Rochester Royals to the world pro basketball title, will be honored at a testimonial dinner April 18 in the Leonard VFW Post, 2000 Walden Ave.

This is his 30th year in coaching and teaching and as one of his aides says:

"Eddie is loved by his pupils, his teachers and his former students and athletes."

A group of former Sloan athletes, the Sloan High School Athletic Alumni Association, under President Len Kosobucki, is sponsoring the dinner.

"Eddie is like a father to the pupils, he listens to their problems and tries to reason with them. He has the respect and confidence of his teachers."

Starred for Masten in '28; His 97-Yard Run a Record

Malanowicz played with the 1928 Yale Cup championship Masten High team, coached by the late Allie Seelbach, which went on to the state playoffs in Troy and lost to Central of Syracuse in the semi-finals.

His teammates were Johnny Ferraro, who later captained Cornell; Charley Joyce, who starred at Columbia; Otis Davis, Joe Gevirtzman, Carson McLaughlin.

Eddie was All-High and All-State and at 6 feet 3 inches, one of the tallest players in the tournament.

"I was fortunate in having two of the greatest basketball coaches of my time, Allie Seelbach in high school, and Art Powell at UB," Eddie said.

It was at UB where Malanowicz gained nationwide fame, both in football and basketball. He was co-captain in both sports in his senior year.

In football, his 97-yard run from scrimmage at Hobart in 1929 (it actually was 105 yards, from punt formation), still is a UB record.

"It was my biggest thrill in football," Malanowicz recalled. "I scored both touchdowns in that 13-7 victory over Hobart, the other was on a Statue of Liberty play which I called from quarterback, then went out to take a pass."

Yale Halted 28-Game Streak; Won NBL Playoffs in '46

Malanowicz played every position but center under Coach Biffy Lee, when UB decided to go "big time" on the gridiron.

"I was a defensive back in 1931 when we were beaten, 75-2, by that great national championship Carnegie Tech team. We also played Fordham's Seven Mules that year, including Clem Crowe, ex Buffalo Bills' coach," he added.

Malanowicz was the leading basketball scorer at UB and was a member of the team which ran up a 28-game unbeaten streak over the 1930-31 and '31-32 seasons. It was ended by Yale, 36-21, Dec. 19, 1931, in old Elmwood Music Hall.

Malanowicz entered pro basketball in 1932, "with a Rochester semi-pro team known as the Seagrams, the forerunners to the Royals of the National Basketball League."

Those were hectic years.

"I'd first teach classes and coach basketball at Sloan, go home, then catch a train for Rochester for a game or practice," he said.

The highlight of his pro career was winning the NBL playoff championship in Sheboygan, Wis., in 1946. His players included Buffalo's Al Cervi, Fuzzy Levane, Bob Davies, George Glamack, John Mahnken, Jerry Bush, Otto Graham, ex Cleveland Browns' football quarterback; Del Rice, former pro baseball catcher, and Chuck Connors, television's The Rifleman.

Heads State Association; Grid Official for 25 Years

Malanowicz helped organize the Erie County Interscholastic Conference in 1951, being its first president, and for the last eight years has been executive secretary.

He is in his fifth year as president of Section VI of the State Public High School Athletic Association, and executive secretary of the State Public High School Athletic Association Football Committee.

He has refereed more than 1000 high school football games in a 25-year span. He is a charter member of the WNY Football Officials' Association.
